FAASTeam presents:

Skiatook Flying Club Meeting

It's getting colder. Beside Covid, we are about to add colds, flu and who knows what else. Will you be taking extra medications? Will you be able to fly if you do?

Directions: The meeting will be held in the Airport lounge. Skiatook now has a security gate; the code is the published CTAF (four numbers).
Prior to attending a safety seminar please review and abide by current CDC, State and Local health guidelines.
Please expect to wear a mask.
Please note that the Skiatook runway is closed.

A message from the National FAASTeam Manager

Representative Don McMath

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
