FAASTeam Mission:

Improve the nation's aviation accident rate by conveying safety principles through training, outreach, and education; while establishing partnerships and encouraging the continual growth of a positive safety culture within the aviation community.

From Student to Professional Pilot...

Educating Airmen to understand the intricacies of human error, and how to leverage them to their advantage.

The WINGS - Pilot Proficiency Program is based on the premise that pilots who maintain currency and proficiency in the basics of flight will enjoy a safer and more stress-free flying experience.
