

Integrated Airman Certification and Rating Application (IACRA)

Inspection Authorization Renewal User Guide

(March 2023)

User Guide Contents:

Introduction: Notable changes

Section 1: Inspection Authorization Renewal in IACRA

Section 2: Registering for an IACRA account

Section 3: Completing an Inspection Authorization renewal package in IACRA

Section 4: IACRA Training site

Introduction:

One of the options for the upcoming Inspection Authorization (IA) renewals in March 2023, is the functionality within Integrated Airman Certification and Rating Application (IACRA). This system will allow IAs to submit electronically their entire renewal package to the FAA and the FAA will have the ability to renew the Inspection Authorization remotely. Once the FAA has processed and approved the application the IA is notified by email to login to IACRA and retrieve the renewal letter.

Numerous enhancements have been made to the IACRA IA renewal program since March 2021.

- IA renewal applications will open in IACRA on February 1, 2023 but will not be processed until the month of March.
- Update of FAA Form 8610-1 application to the newest version which includes embedded Pilot's Bill of Rights (PBR) and Privacy Act Notifications and acknowledgement.
- Updated the Personal Information tab block 4b to include email address or to indicate "None".
- Moved the Supplemental Data tab from Step 5 to Step 3 to match the flow of Form 8610-1.
- Updated the questions on the Supplemental Data tab to match the questions on the updated Form 8610-1.
- Updated the Basis of Renewal tab to request a date of issuance if the applicant answers "Yes" to an issuance within 90 days of March 31st.
- Updated the Basis of Renewal tab requirements for Oral Test to only show the date tested.
- Updated the wording on the Summary tab to reflect the wording on the updated Form 8610-1.

Section 1: Inspection Authorization Renewal in IACRA

IACRA is an FAA website that allows individuals to apply for new Airman Certificates, renew, or upgrade their existing certificates. At this time, IACRA only is active for IA renewals. The entire application process takes place on the website, including electronic signing of applications, and at the end of the process all necessary documents will be sent electronically to the Airman Registry.

IACRA
Integrated Airman Certification and Rating Application (IACRA)

IACRA is the web-based certification/rating application that guides the user through the FAA's airman application process. IACRA helps ensure applicants meet regulatory and policy requirements through the use of extensive data validation. It also uses electronic signatures to protect the information's integrity, eliminates paper forms, and prints temporary certificates.

Need Help?
Download the latest version of the [IACRA Instruction Manual \(8.7\)](#) for help on login, registration, new screen layouts, consoles, and ATP CFR 61, 121, 141 and 135 certifications.
-- or download the previous version of the [IACRA Instruction Manual \(7.6\)](#) for all other IACRA functionality.
-- or visit our [Training and Documentation](#) page for more information.

Individuals with an existing IACRA account (Username and password) may enter that information in the applicable fields and select “**Login**”.

Section 2: Registering for an IACRA account

Individuals who do not have an IACRA account, must register prior to utilizing IACRA. To register, begin by selecting the “**Register**” link.

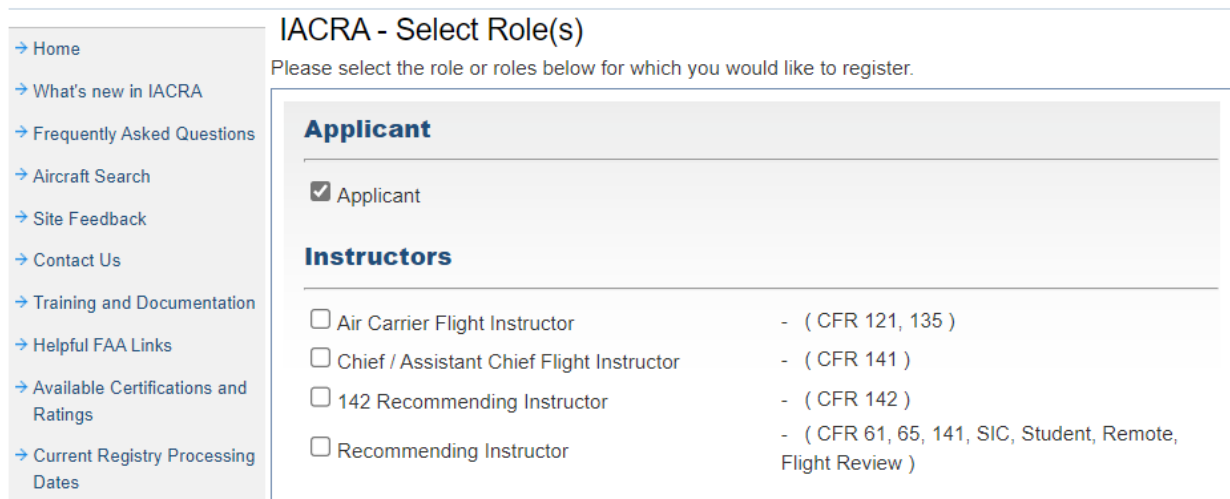

A screenshot of the IACRA login/register form. It features two input fields for 'Username:' and 'Password:'. Below these fields is a blue link that says 'Forgot Username or Password?'. At the bottom of the form, there are three buttons: 'Login', 'Register' (which is highlighted with a red square), and 'FAA Employee Login'. A small 'Help' link is located to the right of the 'FAA Employee Login' button.

Registering as an Applicant in IACRA

There are many different roles in IACRA, but individuals must use the “Applicant” role to apply for a new certificate, renew, or to modify an existing certificate.

Check the 'Applicant' box,

A screenshot of the IACRA registration page titled 'IACRA - Select Role(s)'. The page instructs users to 'Please select the role or roles below for which you would like to register.' On the left side, there is a navigation menu with links to Home, What's new in IACRA, Frequently Asked Questions, Aircraft Search, Site Feedback, Contact Us, Training and Documentation, Helpful FAA Links, Available Certifications and Ratings, and Current Registry Processing Dates. The main content area is divided into two sections: 'Applicant' and 'Instructors'. Under the 'Applicant' section, the 'Applicant' checkbox is checked. Under the 'Instructors' section, there are four unchecked checkboxes: 'Air Carrier Flight Instructor - (CFR 121, 135)', 'Chief / Assistant Chief Flight Instructor - (CFR 141)', '142 Recommending Instructor - (CFR 142)', and 'Recommending Instructor - (CFR 61, 65, 141, SIC, Student, Remote, Flight Review)'.

Then, agree to the Terms of Service (TOS) and continue.

Terms of Service (TOS)

[FAA Employee Login] [help]

Review the Terms of Service (TOS) and select the “Accept TOS as” button. If applicant chooses not to accept the TOS, then select “Do NOT accept Terms of Service button” and they will be returned to the IACRA Home Page.

After selecting the “Accept” button, the IACRA Applicant Console is displayed. The user’s information will be displayed in the upper left portion of the screen.

To begin an Inspection Authorization Renewal package, select the “Start Inspection Authorization Renewal” button.

Along the top portion of subsequent screens, the process steps (tabs) can be monitored by the applicant. A Red X indicates that section stills needs to be completed. A Green check mark indicates the section is complete. An applicant can maneuver through the process by selecting one of the sections or by using the “Next” or “Previous” buttons.

The Inspection Authorization renewal automation in IACRA will generate a completed FAA Form 8610-1 at the end of the process. The process steps begin by collecting personal information. The applicant must fill in any missing or incomplete information.

NOTE: Some fields are marked with an asterisk signifying a required field.

After all fields are complete, select the “Next” button.

Note: The information collected is used to complete blocks 1-4 on FAA Form 8610-1:

1. Personal Information 2. Certificate Sought 3. Supplemental Data 4. Basis of Renewal 5. Maintenance Activity 6. Summary

Path: Airworthiness > Inspection Authorization

Follow the steps on this screen to enter certificate information.

Mechanic Certificate Number: 801450859

FSDO / IFO to Process the Renewal: FS00 - WASHINGTON NAT. HQ.

Do you hold a currently effective mechanic certificate with both airframe and powerplant ratings, and have each of those ratings been in effect for a total of at least 3 years? §65.91(c)(1) Yes No

Have you been actively engaged, for at least the 2-year period before the date of application, in maintaining certificated aircraft in accordance with Title 14 CFR? §65.91(c)(2) Yes No

Do you have available to you the equipment, facilities, and inspection data necessary to properly inspect airframes, powerplants, propellers, or any related part or appliance? §65.91(c)(4) Yes No

Have you attempted the Inspection Authorization written test within 90 days previous to making this application? §65.91 Yes No

Have you met the minimum requirements for renewal of Inspection Authorization and documented your renewal basis in block 10? (FOR RENEWAL ONLY) Yes No

Previous Next

Answering these questions completes blocks 5-9 of Form 8610-1.

IACRA has been programmed to accept certain answers for each of the questions. If an applicant answers a question in a different manner, the system will display a message notifying them that there's a problem.

In the example below, the last question was answered in a manner that would preclude IACRA renewal and the message is displayed.

2 ND Year Renewal Period (Apr 1 st even – Mar 31 st odd)																																	

After entering the information for the basis of renewal, the applicant will need to upload the appropriate/applicable supporting documentation. Follow instructions in “Upload Documents” text box. The system will accept multiple uploaded documents.

Upload Documents

If necessary, show evidence that the applicant meets the requirements of §65.93(a) for both the first and second year (as applicable). Examples of acceptable evidence include:

- An activity sheet or log;
- Training certificates;
- Oral test results.

IACRA only accepts image files (.jpg, .tif, .png) and PDFs.

1) Click 'Choose File'. Locate and select the scanned/photographed document. Click 'Open'.

2) Click 'Upload/Save'. Document will be uploaded, converted to black & white, then displayed for verification.

3) If text quality is acceptable, repeat steps 1 & 2 to upload as many documents as needed.

4) If text quality is **unacceptable**, click on the document in the Uploaded Documents list, then click 'Remove'. Try photographing/scanning the document again. Refer to the [help](#) for tips on improving image quality.

Choose File No file chosen Upload/Save

12. REMARKS.

13. APPLICANT'S CERTIFICATION. I certify that all statements and answers provided by me on this application form are complete and true to the best of my knowledge and I agree that they are to be considered as part of the basis for issuance of any FAA certificate, rating or inspection authorization to me. I have received the Pilot's Bill of Rights Written Notification of Investigation that accompanies this form. I have also read and understand the Privacy Act statement that accompanies this form.

Applicant's Signature DEAN NMN YOUNG	Date (MM/DD/YYYY)
--	--------------------------

14. RECORD OF ACTION

<input type="checkbox"/> ENDORSEMENT (Expires in 30 Days)	FAA Signature (Print Name and Sign)	Date (MM/DD/YYYY)	FAA Office/Designation No.
<input type="checkbox"/> ISSUANCE <input checked="" type="checkbox"/> RENEWAL <input type="checkbox"/> VOLUNTARY SURRENDER	FAA Signature (Print Name and Sign)	Date (MM/DD/YYYY)	FAA Office/Designation No.

The final step in the applicant's renewal package is the review and signing of two documents. The first is the Pilot's Bill of Rights. The applicant selects the "Review Pilot's Bill of Rights" button.

The screenshot shows a web application interface with a navigation bar at the top containing six steps: 1. Personal Information, 2. Certificate Sought, 3. Supplemental Data, 4. Basis of Renewal, 5. Maintenance Activity, and 6. Summary. Below the navigation bar is a breadcrumb trail: Path: Airworthiness > Inspection Authorization. The main content area contains three sections:

- A red instruction: "Please click the 'REVIEW PILOT'S BILL OF RIGHTS' button, below, to review the Pilot's Bill of Rights." followed by a button labeled "REVIEW PILOT'S BILL OF RIGHTS".
- A second red instruction: "Please click the 'REVIEW PRIVACY ACT' button, below, to review the privacy act." followed by a button labeled "REVIEW PRIVACY ACT".
- A red instruction: "Applicants are required to review their applications before signing." followed by the text "By electronically signing this document:" and a certification statement: "I certify that all statements and answers provided by me on this application form are complete and true to the best of my knowledge and I agree that they are to be considered as part of the basis of issuance for any FAA certificate, rating, or inspection authorization to me. I have received the Pilot's Bill of Rights Written Notification of Investigation that accompanies this form. I have also read and understand the Privacy Act statement that accompanies this form." Below this statement are two buttons: "REVIEW APPLICATION" and "SIGN AND SUBMIT".

A copy of the Pilot's Bill of Rights is displayed for review.

The applicant then selects "Close" to return to the previous screen.

**FAA Form 8610-1, Mechanic's Application for Inspection Authorization (14 CFR Part 65),
Supplemental Information**

Your signature on FAA Form 8610-1 acknowledges that you received the Pilot's Bill of Rights Written Notification of Investigation at the time of your application.

PILOT'S BILL OF RIGHTS WRITTEN NOTIFICATION OF INVESTIGATION

The information you submit on the attached FAA form 8610-1, Mechanics Application For Inspection Authorization (14 CFR Part 65), will be used by the Administrator of the Federal Aviation Administration as part of the basis for issuing an airman certificate, rating, or inspection authorization to you under Title 49, United States Code (U.S.C.) section 44703(a), if the Administrator finds, after investigation, that you are qualified for, and physically able to perform the duties related to the certificate, rating, or inspection authorization for which you are applying. Therefore, in accordance with the Pilot's Bill of Rights, the Administrator is providing you with this written notification of investigation of your qualifications for an airman certificate, rating, or inspection authorization:

- The nature of the Administrator's investigation, which is precipitated by your submission of this application, is to determine whether you meet the qualifications for the airman certificate, rating, or inspection authorization you are applying for under Title 14, Code of Federal Regulations (CFR) part 65.
- Any response to an inquiry by a representative of the Administrator by you in connection with this investigation of your qualifications for an airman certificate, rating, or inspection authorization may be used as evidence against you.
- A copy of your airman application file for this date is available to you upon your written request addressed to:

Federal Aviation Administration
Airman Certification Branch
P.O. Box 25082
Oklahoma City, OK 73125-0082

If you make a written request for your airman application file, please provide the following information in your request:

- Full name
- Date of birth or airman certificate number
- Date of the application

The screen displays a document acknowledging receipt of the Pilot's Bill of Rights.

The applicant is then returned to the previous screen. The applicant now must review the Privacy Act.

The applicant selects “Review Privacy Act” button.

The screenshot shows a web application interface with a progress bar at the top containing six steps: 1. Personal Information, 2. Certificate Sought, 3. Supplemental Data, 4. Basis of Renewal, 5. Maintenance Activity, and 6. Summary. The first five steps are marked with green checkmarks. Below the progress bar, the breadcrumb path reads "Path: Airworthiness > Inspection Authorization". The main content area contains three sections: 1. A red instruction: "Please click the 'REVIEW PILOT'S BILL OF RIGHTS' button, below, to review the Pilot's Bill of Rights." followed by a button labeled "REVIEW PILOT'S BILL OF RIGHTS". 2. A second red instruction: "Please click the 'REVIEW PRIVACY ACT' button, below, to review the privacy act." followed by a button labeled "REVIEW PRIVACY ACT". 3. A red instruction: "Applicants are required to review their applications before signing." followed by the text "By electronically signing this document:" and a certification statement: "I certify that all statements and answers provided by me on this application form are complete and true to the best of my knowledge and I agree that they are to be considered as part of the basis of issuance for any FAA certificate, rating, or inspection authorization to me. I have received the Pilot's Bill of Rights Written Notification of Investigation that accompanies this form. I have also read and understand the Privacy Act statement that accompanies this form." Below the certification statement are two buttons: "REVIEW APPLICATION" and "SIGN AND SUBMIT".

The Privacy Act is displayed for review. After reviewing, the applicant selects the “Close” button.

SUPPLEMENTAL
INFORMATION

MECHANIC'S APPLICATION FOR INSPECTION AUTHORIZATION

PRIVACY ACT STATEMENT: This statement is provided pursuant to the Privacy Act of 1974, 5 USC § 552a:

The authority for collecting this information is contained in 49 USC §§ 40113, 44702, 44703, 44709 and 14 CFR Part 65. The principal purpose for which the information is intended to be used is to identify and evaluate your qualifications and eligibility for the issuance of an airman certificate and/or rating. Submission for the data is mandatory, except for the Social Security Number, which is voluntary. Failure to provide all required information will result in our being unable to issue you a certificate and/or rating. The information collected on this form will be included in a Privacy Act System of Records Notice (SORN) for DOT/FAA 847 (see www.dot.gov/privacy/wh/privacyact/sorn/847).

(a) Providing basic airman certification and qualification information to the public upon request; examples of basic information include:

- The type of certificates and rating held, limitations, date of issuance and certificate number;
- The status of the airman's certificate (i.e., whether it is current or has been amended, modified, suspended or revoked for any reason);
- The airman's home address, unless requested by the airman to be withheld from public disclosure per 49 USC 44703(c);
- Information relating to an airman's physical status or condition used to determine statistically the validity of FAA medical standards; and the date, class, and restrictions of the latest physical;
- Information relating to an individual's eligibility for medical certification, requests for exemption from medical requirements, and requests for review of certificate denials.

(b) Using contact information to inform airman of meetings and seminars conducted by the FAA regarding aviation safety.

(c) Disclosing information to the National Transportation Safety Board (NTSB) in connection with its investigation responsibilities.

(d) Providing information about airman to Federal, State, local and tribal law enforcement agencies when engaged in an official investigation in which an airman is involved.

(e) Providing information about enforcement actions, or orders issued thereunder, to Federal agencies, the aviation industry, and the public upon request.

(f) Making records of delinquent civil penalties owed to the FAA available to the U.S. Department of the Treasury and the U.S. Department of Justice (DOJ) for collection pursuant to 31 USC 3711(g).

(g) Making records of effective orders against the certificates of airmen available to their employers if the airmen use the affected certificates to perform job responsibilities for those employers.

(h) Making airman records available to users of FAA's Safety Performance Analysis System (SPAS), including the Department of Defense Commercial Airtitt Division's Air Carrier Analysis Support System (ACAS) for its use in identifying safety hazards and risk areas, targeting inspection efforts for certificate holders of greatest risk, and monitoring the effectiveness of targeted oversight actions.

(i) Making records of an individual's positive drug test result, alcohol test result of 0.04 or greater breath alcohol concentration, or refusal to submit to testing required under a DOT-required testing program, available to third parties, including current and prospective employers of such individuals. Such records also contain the names and titles of individuals who, in their commercial capacity, administer the drug and alcohol testing programs of aviation entities.

(j) Providing information about airman through the Civil Aviation Registry's Comprehensive Airmen Information System to the Department of Health and Human Services, Office to the Child Support Enforcement, and the Federal Parent Locator Service that locates noncustodial parents who owe child support. Records in this system are used to identify airman to the child support agencies nationwide in enforcing child support obligations, establishing paternity, establishing and modifying support orders and location of obligors. Records listed within the section on Categories of Records are retrieved using Connect: Direct through the Social Security Administration's secure environment.

(k) Making personally identifiable information about airman available to other Federal agencies for the purpose of verifying the accuracy and completeness of medical information provided to FAA in connection with applications for airman medical certification.

(l) Making records of past airman medical history data available to Aviation Medical Examiners (AMEs) on a routine basis so that AMEs may render the best medical certification decision.

(m) Making airman, aircraft, and operator record elements available to users of FAA's Skywatch system, including the Department of Defense (DoD), the Department of Homeland Security (DHS), DOJ and other authorized Federal agencies, for their use in managing, tracking and reporting aviation related security events.

(n) Other possible routine uses published in the Federal Register (see Prefatory Statement of General Uses for additional uses (65 FR 19477-78). For example, a record from this system records may be disclosed to the United States Coast Guard (Coast Guard) and to the Transportation Safety Administration (TSA) if information from this system was shared with either agency when that agency was a component of the Department of Transportation (DOT) before its transfer to DHS and such disclosure is necessary to accomplish a DOT, TSA or Coast Guard function related to this system of records.

PAPERWORK REDUCTION ACT STATEMENT: A federal agency may not conduct or sponsor, and a person is not required to, nor shall a person be subjected to a penalty for failure to comply with a collection of information subject to the requirements of the Paperwork Reduction Act unless that collection of information displays a currently valid OMB Control Number. The OMB control number for this information collection is 2120-0022. Public reporting for this collection of information is estimated to be approximately 20 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, completing and reviewing the collection of information. All responses to this collection of information are required to obtain or retain a benefit by 14 CFR part 65. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to the FAA at: 800 Independence Ave. SW, Washington, DC 20591, Attn: Information Collection Clearance Officer, ASP-110.

After signing the application, the applicant is returned to a screen indicating the renewal package has been submitted to the previously identified Flight Standards office. The applicant is also provided an Application ID for tracking purposes. The applicant is reminded NOT to send their IA card (FAA Form 8310-5) to the office. An email notification that the letter is waiting for them in IACRA is emailed to the applicant. A renewal letter will be available in IACRA after the FAA has processed and approved their application.

The applicant is also provided the opportunity to review the signed FAA Form 8610-1 by selecting the “Review 8610-1” button.

The FAA Form 8610-1 is signed and date stamped.

13. APPLICANT'S CERTIFICATION. I certify that all statements and answers provided by me on this application form are complete and true to the best of my knowledge and I agree that they are to be considered as part of the basis for issuance of any FAA certificate, rating or inspection authorization to me. 14. RECORD OF ACTION			
FAA Signature (Print Name and Sign)	Date (MM/DD/YYYY)	FAA Office/Designation No.	

As soon as the Flight Standards office processes the applicant’s renewal package, the applicant will receive an email (per the email address provided) informing them that the renewal application has been processed and that a renewal letter is now available for them to download/print. The email message will have a link to the IACRA home page.

The applicant accesses IACRA and logs into their account to see their application. The applicant selects the “Print Renewal Letter” button.

The screenshot shows the IACRA Applicant Console. On the left is a navigation menu with sections like 'User Information', 'Applicant Options', 'Information & Help', and 'Government Sites'. The main content area is titled 'IACRA - Applicant Console' and includes a 'Start New Application' section with buttons for 'Start New Application', 'Start Inspection Authorization Renewal', and 'Start Foreign License Verification Process'. Below this is a 'Your Existing Applications' table with columns for Application, Start Date, Certificate Type, Status, Status Date, and Available Actions. One application is listed with ID 210008, start date 02/08/2021, certificate type 'Inspection Authorization > Renewal by Activities, Test or Course', and status 'Completed'. A 'Print Renewal Letter' button is circled in red in the 'Available Actions' column. Below the table is an 'Airman Information' section with a table showing certificate number 801275312, issued 01/14/1972, and expires 06/06/2079.

The Inspection Authorization renewal letter is displayed and the applicant can save/print the document. The applicant selects “Close” when complete.

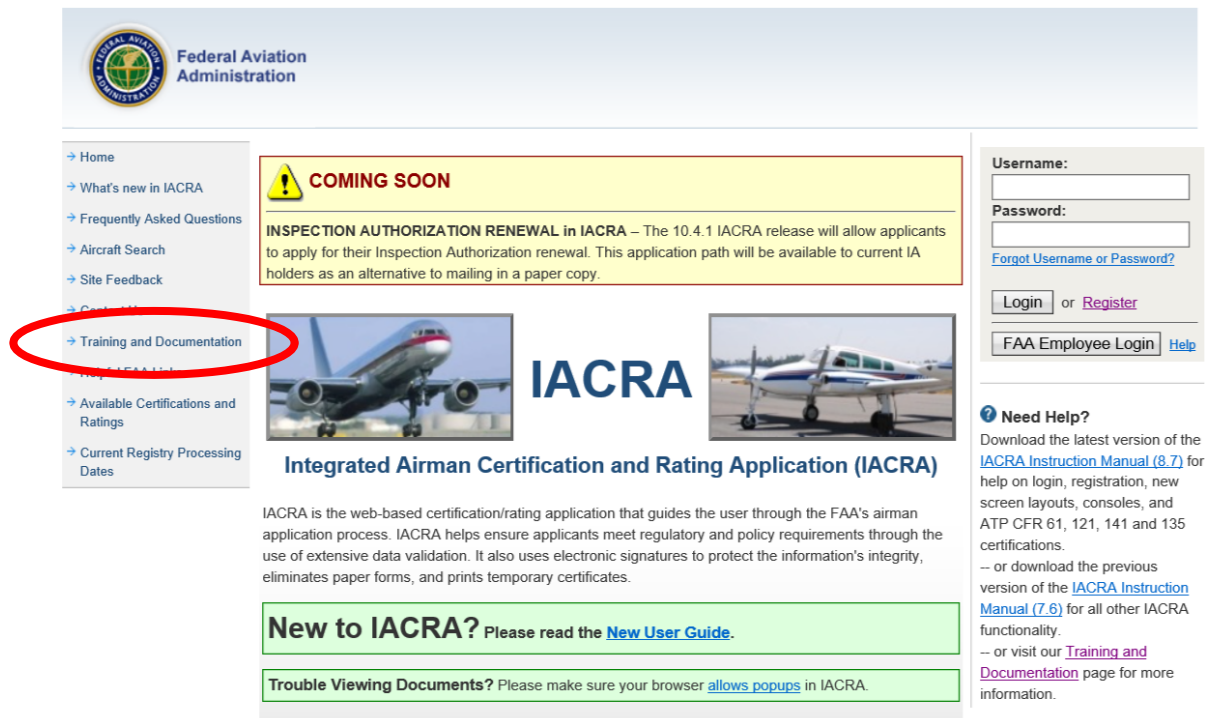

This image shows a close-up of the document controls at the top of the letter. The buttons are 'Print', 'Close', 'Save as Tiff', 'View/Print PDF', and 'Zoom: 100%'. The 'Close' button is circled in red. Below the buttons is a red note: 'Note: For printing, please click the "View/Print PDF" button.'

The letter is dated February 08, 2021, and is addressed to JONATHAN NMN HERMAN at 311 STRAWBERRY FLD, NORMAN OK 73072. It is signed by JASON NMN CONRAD, Aviation Safety Inspector / Aviation Safety Technician. The letter informs the recipient that the FAA has renewed their Inspection Authorization (IA) for a two-year period to March 31, 2023. It explains that this letter serves as an alternative to the endorsement normally placed on the back of the FAA Form 8310-5 (IA Card). The letter also outlines the requirements for maintaining the IA, including showing evidence of completion of specific activities and presenting the letter at the next renewal in March 2023. Contact information for JASON NMN CONRAD is provided at the end of the letter.

Section 4: IACRA Training site

The training site provides the user with all the needed information, including "fictitious" logins, to practice completing most types of applications. Training users can create applications, as well as perform the duties of certifying officers. Applicants can utilize the steps outlined in the earlier sections of this User Guide to help familiarize themselves with the IACRA functionality.

To access the IACRA Training site from the Home page, select "Training and Documentation".

COMING SOON

INSPECTION AUTHORIZATION RENEWAL in IACRA – The 10.4.1 IACRA release will allow applicants to apply for their Inspection Authorization renewal. This application path will be available to current IA holders as an alternative to mailing in a paper copy.

IACRA

Integrated Airman Certification and Rating Application (IACRA)

IACRA is the web-based certification/rating application that guides the user through the FAA's airman application process. IACRA helps ensure applicants meet regulatory and policy requirements through the use of extensive data validation. It also uses electronic signatures to protect the information's integrity, eliminates paper forms, and prints temporary certificates.

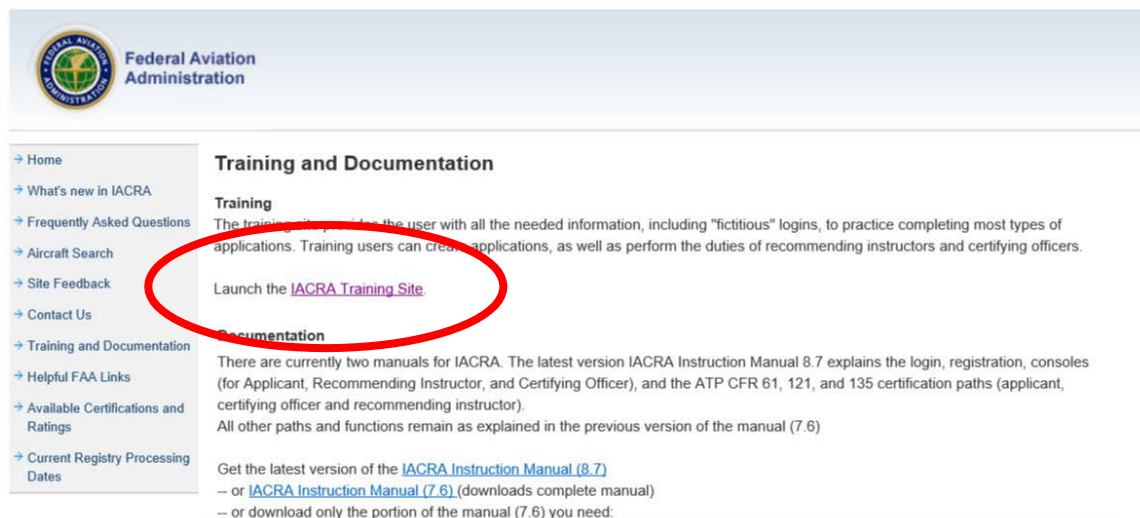

New to IACRA? Please read the [New User Guide](#).

Trouble Viewing Documents? Please make sure your browser [allows popups](#) in IACRA.

Need Help?
Download the latest version of the [IACRA Instruction Manual \(8.7\)](#) for help on login, registration, new screen layouts, consoles, and ATP CFR 61, 121, 141 and 135 certifications.
-- or download the previous version of the [IACRA Instruction Manual \(7.6\)](#) for all other IACRA functionality.
-- or visit our [Training and Documentation](#) page for more information.

Training and Documentation

Training
The training site provides the user with all the needed information, including "fictitious" logins, to practice completing most types of applications. Training users can create applications, as well as perform the duties of recommending instructors and certifying officers.

Launch the [IACRA Training Site](#).

Documentation
There are currently two manuals for IACRA. The latest version IACRA Instruction Manual 8.7 explains the login, registration, consoles (for Applicant, Recommending Instructor, and Certifying Officer), and the ATP CFR 61, 121, and 135 certification paths (applicant, certifying officer and recommending instructor). All other paths and functions remain as explained in the previous version of the manual (7.6)

Get the latest version of the [IACRA Instruction Manual \(8.7\)](#)
-- or [IACRA Instruction Manual \(7.6\)](#) (downloads complete manual)
-- or download only the portion of the manual (7.6) you need:

If you are new to the training site, you'll need "training" user names and passwords. Select the "Generate Logins" link under "First Time". If you are returning user and already have training site usernames and passwords, you can select "Begin Training" under "Been Here Before?"

 Federal Aviation Administration

Welcome to the IACRA Training Site

New to IACRA? The IACRA Training Site gives you the opportunity to perform hands-on training. Choose an option below to get started.

First Time?

IACRA requires registration before it can be used. To make this process easier for training, we generate login information and provide it to you.

Please bear in mind that this data is fictitious, and the training site **cannot** be used to process real applications.

Generate Logins

Been Here Before?

If you are a returning user, there's no need to generate new training data (although you can if you would like).

Begin Training

Still have questions? [Contact us](#)

IACRA will require the type of training you are searching for within the site. Select the dropdown arrow.

 Federal Aviation Administration

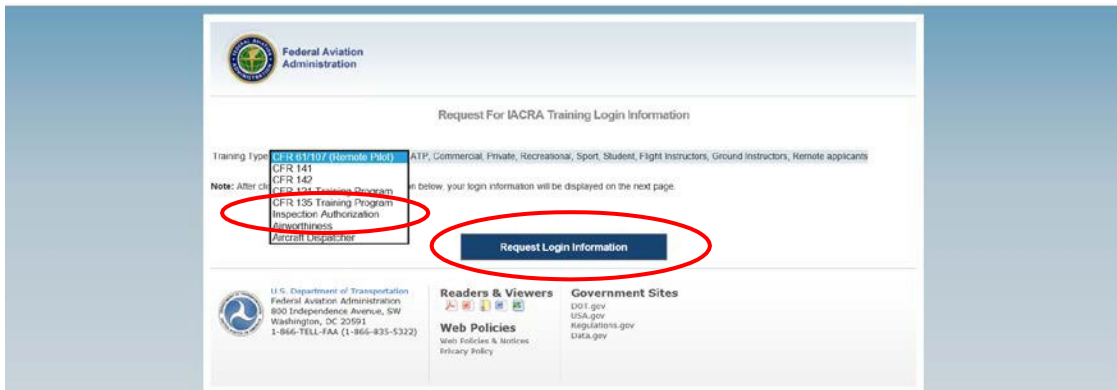

Request For IACRA Training Login Information

Training Type: **CFR 61/107 (Remote Pilot)** ATP, Commercial, Private, Recreational, Sport, Student, Flight Instructors, Ground Instructors, Remote applicants

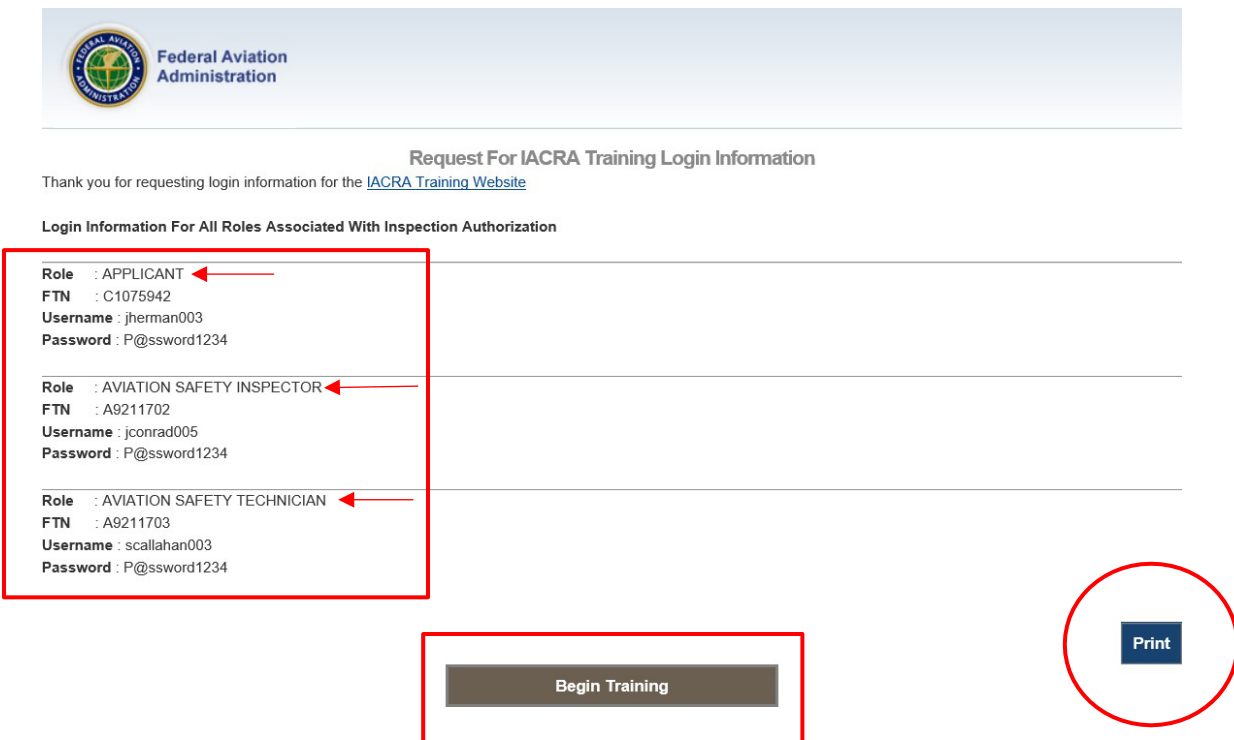

Note: After clicking the Request Information button below, your login information will be displayed on the next page.

Request Login Information

From the dropdown list, select “Inspection Authorization”. Then, select “Request Login Information” to generate the training usernames and passwords.

The system will generate usernames and passwords for the applicant and the approving officials (both Aviation Safety Inspector and Aviation Safety Technician). Some individuals may want to print this page for ease of use during the training. If so, select the “Print” button in the lower right portion of the page.

Again, IACRA users can follow the steps outlined in the earlier sections of this User Guide to help familiarize themselves with the IACRA functionality.
