

SUPERBOWL XLV ARLINGTON, TEXAS

January 31 – February 7th, 2011

Due to the large number of aircraft operating to and from the Dallas/Fort Worth metropolitan area during the week of SUPERBOWL XLV, the following procedures will be used to enhance safety and minimize air traffic delays.

SECURITY PROVISIONS

Special security provisions will be in effect for this event including (but not limited to) Temporary Flight Restrictions (TFRs), two-way communication and discrete transponder requirements. Specific procedures contained in this NOTAM may be revised and access to some airports may be restricted. Pilots are encouraged to check NOTAMs frequently to verify they have the most current information.

TFR information is normally disseminated by FDC NOTAM 3 to 5 days prior to the event. Once published, text and graphic depictions of restrictions may be found on the following web site:

www.tfr.faa.gov

Pilots should be prepared to provide documentation including personal identification, certificate number, aircraft ownership information, and a contact number.

THIS NOTAM DOES NOT SUPERSEDE RESTRICTIONS PERTAINING TO THE USE OF
AIRSPACE CONTAINED IN FDC NOTAMS.

TRAFFIC MANAGEMENT

Traffic management initiatives will be utilized when arrival rates exceed airport capacity. Pilots should be prepared for potential airborne holding, reroutes, and/or Expect Departure Clearance Times (EDCT's) that may be issued for all domestic IFR arrivals to the following airports. Airspace Flow Program (AFP) or Ground Delay Programs (GDPs) are possible. "E" or "W" designates EAST or WEST satellite airports.

AIRPORT	IDENTIFIER
Dallas Fort Worth International*	DFW
Dallas Love	DAL E
Addison	ADS E
Dallas Executive	RBD E
McKinney	TKI E
Mesquite	HQZ E
Denton	DTO W
Grand Prairie*	GPM W
Arlington*	GKY W
Fort Worth Alliance	AFW W
Fort Worth Meacham	FTW W
Fort Worth Spinks	FWS W

*Airports within TFR 10 NMR NO-FLY ZONE.

Heavy demand and traffic management initiatives may be expected during the following dates/times:

Daily, Monday January 31, 2011 through Monday, February 7, 2011
 0600 DST (1200 UTC) through 2300 CST (0500 UTC)

Traffic management initiatives for this event are designed to provide equitable airspace access. To maintain program integrity and minimize delays, airborne changes of destination to above listed airports will not be accepted within 200nm of destination, except in emergency situations. Duplicate flight plans (same time/call sign) to multiple airport destinations are subject to removal from the system.

AIRFILES

Airfiles and change of destination from airborne flights to airports listed in this NOTAM will not be accepted during peak demand periods.

ARRIVAL ROUTES

No special arrival routings have been designated for this event.

DEPARTURE ROUTES

Due to the expected heavy volume of departures, users must file the following routes. ATC will issue re-routes to aircraft not on these routes. In order to avoid departure delays ATC may issue alternative departure routings.

Departing: DFW DAL TKI RBD to the Northeast	
DESTINATION	ROUTE
