

## SAFE Pilot Proficiency Project

If you are planning on flying to the Bahamas, this seminar is an absolute prerequisite. It will explore the planning, weather, fatigue management and survival skills necessary for successful ditching. Dr. Cusick, who flew SAR missions for the US Navy, will discuss typical survival equipment and checklist steps for underwater egress from a sinking aircraft. The session will conclude with rescue and helicopter pickup tips.

**Directions:** From I-95 take Exit 9. Travel East on West New Haven Ave. Turn left on Evans Road. Turn right on West Nasa Boulevard. The facility is on the left at Grumman Lane.

### A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
