

SAFE Pilot Proficiency Project

All too often pilots will act impulsively when faced with an unexpected event, and sometimes their “startle response” will weld the final link in the chain leading to an accident that sadly is fatal. Doug will present a variety of scenarios to help you prepare for that unexpected event, and offer vital suggestions to aid you in Doing The Right Thing when the unexpected does happen to you.

Directions: From I-95 take Exit 9. Travel East on West New Haven Ave. Turn left on Evans Road. Turn right on West Nasa Boulevard. The facility is on the left at Grumman Lane.

A message from the National FAASTeam Manager
