

SAFE Pilot Proficiency Project

In this seminar the many demands of flying as a single pilot under instrument flight rules will be addressed. Drawing on his wealth of experience, Doug will offer numerous tips on how to manage the many risks and challenges of flying Single Pilot IFR. Learn tips about preflight planning, staying ahead of the airplane, effective communication, briefing the approach, and many more... leading to you becoming a safe and confident pilot not only in the IFR world, but in the VFR environment as well.

Directions: From I-95 take Exit 9. Travel East on West New Haven Ave. Turn left on Evans Road. Turn right on West Nasa Boulevard. The facility is on the left at Grumman Lane.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
