

SAFE Pilot Proficiency Project

This forum is an interactive discussion of basic flying skills that may have decayed in an automated cockpit. Emphasis is placed on piloting skills, with tips observed from flying with a wide variety of pilots of varying skill and experience levels. Some practical points that may keep you from becoming a statistic will be offered!!

Directions: From I-95 take Exit 9. Travel East on West New Haven Ave. Turn left on Evans Road. Turn right on West Nasa Boulevard. The facility is on the left at Grumman Lane.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
