

## TFRs and Fire Bombing Operations

We often hear about TFRs associated with ground fire support but know very little about them. Mr. Flowers will talk about the the TFRs limits, hazards to flight over or around that area, and the associated flight planning pitfalls that you need to consider.

**Directions:** The FAA Safety Center Forum is located next to the Air Traffic Control Tower. There is a cost to enter the Oshkosh AirVenture Air Show but all the seminars at the FAA Safety Center are free.
