

AirVenture 2024 Forum - Postmortem or Premortem

Strictly speaking, a postmortem is the examination of a body to determine it's cause of death. But isn't an aircraft accident investigation simply the postmortem of a crash?

Let's conduct the postmortem of an actual flight with a detailed examination of the individual components of the event, to include how human factors influenced the outcome. Perhaps we can use what we learn to perform a premortem before our next flight and avoid an accident.

WINGS/AMT credit available!

To receive WINGS/AMT credit fill out attendance sheet available at the Forum entrance.

The FAA Safety Center is centrally located on the EAA AirVenture grounds on the South side of the control tower. We are the large tan building with the rooftop deck facing the runway. Forums entrance is on the west side of the building.

Event Details

Tue, Jul 23, 2024 at 12:00 CDT

**FAA Safety Center / EAA
AirVenture**

3110 Knapp Street
Oshkosh, WI
