

AirVenture 2024 Forum - Reducing Risk From Common Dangerous Goods

Lithium batteries pose safety risks to the aircraft. Learn more about these risks, some steps you can take to reduce and mitigate the risk. Also find out what other common dangerous goods may be hiding on your flights. The FAA has tools that can help you prepare for safer flights!

WINGS/AMT credit available!

To receive WINGS/AMT credit fill out attendance sheet available at the Forum entrance.

The FAA Safety Center is centrally located on the EAA AirVenture grounds on the South side of the control tower. We are the large tan building with the rooftop deck facing the runway. Forums entrance is on the west side of the building.

Prior to attending a safety seminar, please review and abide by current CDC, State and local health guidelines.
