

AirVenture 2024 Forum - Prepare and Prevent instead of Repair and Repent

Have you ever heard Air Traffic say, “go ahead” and wonder what do they mean by that, lined up for the wrong runway/taxiway, or thought you were given a clearance to enter a runway but were told you were not? Do you have questions about Tower ATC phraseology or the human factors of commonly made errors. Then this is the presentation for you. Please join Runway Safety for an interactive discussion about some of the most common and dangerous mistakes that are made in the NAS and what you can do to prepare and prevent them from happening to you.

WINGS/AMT credit available!

To receive WINGS/AMT credit fill out attendance sheet available at the Forum entrance.

The FAA Safety Center is centrally located on the EAA AirVenture grounds on the South side of the control tower. We are the large tan building with the rooftop deck facing the runway. Forums entrance is on the west side of the building.
