

# Lakeland Aviation Expo 2025 Forum - Loss of Control and Decision Making on Land and the Water

## Event Details

This presentation will look at overall seaplane accident trends as presented by the Seaplane Pilots Association and the AOPA ASI. The presenter will share personal experiences in the challenges of decision making in seaplane operations. The presentation will further look at critical phases of flight where loss of control accidents are prevalent and the best practices during these phases of flight. The presentation will review why wings stall and stall avoidance, take off and landing performance and water operations. An emphasis will be placed on amphibious aircraft operation with respect to gear position in preparation for landing.
