

Lakeland Aviation Expo 2025 Forum - Importance of Oil Analysis

Oil and oil filter analysis is an extremely effective tool for monitoring abnormal engine wear in both reciprocating and turbine engines, although the different engine types require different focus. This presentation discusses the basics of oil and oil filter analysis; the how, when, and why of oil and filter analysis with a few examples of each."

WINGS/AMT credit available!

To receive WINGS/AMT credit fill out attendance sheet available at the Forum entrance.

The FAA Safety Center (aka "Orlando Field Office") is centrally located on the Sun-n-Fun grounds at the corner of Laird Drive and Sun-n-Fun Road. We are the large tan building with the rooftop deck. Forums entrance is on the west side of the building.

To receive WINGS/AMT credit fill out attendance sheet available at the Forum entrance.

Prior to attending a safety seminar, please review and abide by current CDC, State and local health guidelines.
