

Lakeland Aviation Expo 2025 Forum - Aircraft in Distress

This program discusses repair experiences and options that pilots should know when and if their aircraft becomes disabled while flying beyond your local airport. The discussion includes knowing and meeting the requirements of 14 CFR 91.213 "Inoperative Instruments and Equipment". The program also addresses the challenges pilot's encounter when attempting on-site repairs. We'll share the rules for ferrying aircraft and how to assess and manage the risk if attempting to fly the aircraft. We'll also present ideas and advice about properly maintaining your aircraft to avoid costly, unexpected repairs.

Learn potential best practices to keep your aircraft flying and not in the shop.

WINGS/AMT credit available!

To receive WINGS/AMT credit fill out attendance sheet available at the Forum entrance.
