

AirVenture 2025 Forum - The Fun and Challenges of Flying Seaplanes

This presentation will be an overview / review of basic seaplane operation techniques. The presentation is intended to provide an introduction to aspiring seaplane pilots as well as a review for experienced pilots. The presentation will focus on best practices and common errors associated with flight planning, water operations including takeoffs and landings and amphibious aircraft operations.

WINGS credit available!

To receive WINGS credit fill out attendance sheet available at the Forum entrance.

The FAA Safety Center is centrally located on the EAA AirVenture grounds on the South side of the control tower. We are the large tan building with the rooftop deck facing the runway. Forums entrance is on the west side of the building.

A message from the National FAASTeam Manager

Earn your WINGS to get a chance to win a prize. Go to <https://www.wingsindustry.com/WINGS-Sweepstakes> for more info. Join us on Facebook: <https://www.facebook.com/groups/GASafety/>
