

AirVenture 2026 Forum - TFRs - How to Avoid a Fighter Escort

In this action packed seminar, you'll receive a kneeboard sized checklist and learn the "Keys to Success" to avoid being intercepted by NORAD's fighter aircraft. These practical steps will assist pilots in flight planning and flying to avoid or navigate TFRs. Do you remember the procedures if you are intercepted? From the cockpit of a Cessna, you will see what it looks like to be intercepted by a NORAD fighter and understand the procedures. Join NORAD fighter pilots in an informative and lively session that will keep you out of trouble, and in the skies!

WINGS credit available!

To receive WINGS credit fill out attendance sheet available at the Forum entrance.

The FAA Safety Center is centrally located on the EAA AirVenture grounds on the South side of the control tower. We are the large tan building with the rooftop deck facing the runway. Forums entrance is on the west side of the building.
