

## CFI Open Forum - Pilots and Mechanics

Dean Eichholz will give a short presentation and discuss the Instrument Proficiency Check - Learn methods to prepare for one.

Steve Williams from ACME CUB will discuss the installation, set up, and operation of an Angle of Attack system that he installed on his own Cub. Steve will be ready to answer any questions you may have.

Heather Leggett of Alaskan Bushwheel (located at the Birchwood Airport) and one other Bushwheel employee, will give a presentation on how their tires are manufactured, and short and long term care of your Bushwheel tires. A cross section of a tire will be available to demonstrate how they are constructed.

**Directions:** Kenai Spur Hwy to N. Willow, left on Granite Point Street - follow to left turn and then to the end.

### A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!
