

# FAA Safety Team Presents: General Aviation Pilots and Mechanics Meeting.

The informative two hour session will cover winter maintenance concerning procedures for: inspecting skies, pre-heating, engine oil, keeping snow off of wings, etc.

Also: winter weather flight operations procedures including visual considerations, etc.

**Directions:** The seminar will be held in room 201 Hutchison on Geist Road - upstairs at the extreme northeast end of the building. Parking is in the lot closest to the north end of the building, marked as the University of Alaska Fairbanks Community and Technical College. Enter building at the east end of the parking lot, then proceed up the stairs on your left then proceed left to end of hallway.

## A message from the National FAASafety Team Manager

Over 10,150 AMTs earned an AMT Award last year. Will you, this year?

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!
