

Nome Pilot Outreach

In the interests of having a safer winter there will be presentations concerning surface safety, best practices for operating in the Airport Advisory environment, winter field condition (FICON) NOTAMs, transitioning from IFR operations to VFR, what happens if you hear the dreaded words "...possible pilot deviation...", and more. There will be time for open discussion, questions and brainstorming.

Directions: Nagozruk Conference Room is located just inside the front entrance of the main campus building.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.
