

January 18, 2023

FAI Airport Users,

Runway incursions remain a serious concern nationally. One important component of our ongoing efforts to improve surface safety at Fairbanks International Airport (FAI) involves conducting a Runway Safety Action Team (RSAT) meeting at least once a year. In conjunction with airport management and other FAA line of businesses, we will be conducting a local RSAT meeting on February 16, 2023. The meeting is scheduled from 10:00 to 12:00 and will be at the Airport Terminal in the Tanana Conference Room.

The purpose of this RSAT meeting is to unite those individuals and organizations that are actively involved in air traffic operations and movement of aircraft, vehicles, and equipment on the Airport Operations Area (AOA). We look for participation from all major airport interests including tenants, fixed base operators, airport operations, and maintenance personnel. These recommendations serve as the foundation for a site-specific Runway Safety Action Plan. You are cordially invited to join us.

Your participation is important and your input is welcomed. Please RSVP to Tracey L. Finney at [tracey.l.finney@faa.gov](mailto:tracey.l.finney@faa.gov).

If you have questions or need more information please let us know. We can be reached at (907)474-0050.

Sincerely,

Timothy R. Long  
Air Traffic Manager, FAI ATCT  
(907) 474-0050
