

2024 Great Alaska Aviation Gathering

Flight Service offers a wide range of services to pilots across the state and Conus. Our number one goal is to ensure that we provide a safe service to our pilots in all three phases of flight. During this discussion, we will be providing updates on Weather Cameras, Two-Way Texting, Airport Advisories, Special VFR Rules, and the future of Flight Service operations. We are excited to be able to provide our users with the most up to date information they need to get out and fly safely. Come and learn about aviation safety, career opportunities, and the future of Flight Service.
