Warm up with a chili dinner and an exciting seminar on cold weather flying operations. This timely seminar will review vital information for staying safe when flying during the Midwest winter season. The seminar will provide insight and information regarding icing, survival, pre-flight planning, enroute, and arrival procedures (TOAAL).

Directions: From I-80 Interstate take US-61 N toward Eldridge/Dewitt exit. Take exit CR-F55 toward the Airport/Mt.Joy. Head west on CR-F55 which will become Harrison.

Message from the National FAAS^Team Manager:
FAAS^Team CFI Workshops have started. Find Workshop #1 in SPANS.
