

National FAA Safety Team presents:

# 2011 National Safety Stand Down

This year's FAASafety Team Safety Standdown focuses on four areas that account for the majority of general aviation fatal accidents:

-- Positive Flight Attitude: Keeping Your Standards High--  
Going Beyond Preflight: Perfecting Your Preflight Inspection--  
Enroute Cruise: Are You On Cruise Control--  
Maneuvering Flight: Slow, Steady and Sure

**Directions:** Perfect destination for a Spring cross country or club fly in. Afterwards the Iowa Aviation Heritage Museum will be open for a tour. The FAA will have inspectors on hand to answer aviation questions.

## A message from the National FAASafety Team Manager

Over 136,600 pilots earned WINGS credits last year. Will you, this year?
