

Pilot Safety Meeting -- Nebraska Accident review and ADM, Mechanic's Pre-flight Perspective.

This safety meeting will cover actual Nebraska aviation accidents and decision making involved in those accidents. Learn how you can make better decisions when it comes to any flight you take. A proper preflight can save your life. Airworthiness inspector Verle Engel will give a mechanics view of a proper preflight. Congratulate airman Dwayne Margritz as he receives the Master Pilot Award!

Directions: This free safety meeting is at the Holiday Inn, Kearney, Nebraska. Information about the Aviation Symposium, which has a cost, can be found at <http://www.nebraskaaviationcouncil.org/>.

A message from the National FAASTeam Manager

Over 136,600 pilots earned WINGS credits last year. Will you, this year?

Sign up for the FAA's safety services at www.FAASafety.gov!
