

Using ForeFlight & an iPad in the Cockpit AND Navigating FAA MedXPress – Renewing Your Medical

We will be discussing how you can use an iPad and ForeFlight in the cockpit for VFR and IFR flying.

We will also discuss the changes that occurred on October 1st to renewing your medical. It is now done online. A demonstration will be shown of the new process.

Directions: The seminar will be held at the Indian Hills Community College North Campus Cafeteria. If you fly into OTM rides will be provided to the event location.

A message from the National FAASTeam Manager

Over 10,150 AMTs earned an AMT Award last year. Will you, this year?
