

Cessna 150/152 International Fly In

Preparation is the key to success in any endeavor! It's no different in aviation. History has taught us that inadequate pre-flight planning can often lead to undesirable outcomes... including accidents! At this exclusive briefing, we'll discuss how thorough preparation for a long cross country trip, along with recurrent training and proficiency made the difference in the life of one pilot who made it to the ground safely after the engine quit! Attend this meeting and find out how!

Directions: Main hangar at 2000 South 60th St. Clinton Municipal Airport Clinton, Iowa

A message from the National FAASafetyTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov

The FAA Safety Team (FAASafetyTeam) is committed to providing equal access to this meeting/event for all participants.
