

FAA Safety Team Presents: Pitfalls for Pilots Safety Seminar. Meet FAA Inspectors.

You may have made the same decisions that these pilots made before or during your flight. The only difference is that they had an accident or got violated. Are you a better pilot or is it something else. Join us as we discuss Human Factors, accident investigation and accident review. Inspectors from the DSM FSDO will be available for questions and answers.

Directions: The meeting will be held in the terminal building at the Davenport Municipal Airport.
