

IBA Continuing Education Seminar for Lighter than Air.

Lack of Pilot Proficiency and poor decision making is the main cause of aviation accidents. The WINGS program offers a general aviation recurrent training program to rectify this problem. Bring your Wings Pilot Proficiency Program questions and have them answered by the FAASafety Team. See how your pilot group can earn Wings credit for safety meetings you regularly hold at your airport. A Phase in Wings is considered a Flight Review. Learn how.

Directions: The St. Thomas Aquinas Pastoral Center is East on Hiway 92 in Indianola. There is a cost for this meeting. See attachment for details.

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASafety Team) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
