Balloonowledge 2021 “One Way or Another” is a knowledge packed event held over two days to get you invigorated for the upcoming flying season. We have a broad range of topics from speakers located throughout the USA and Canada. We will follow the BFA format of presentations from all three Tiers. We will blend hour and half hour sessions to keep things interesting and fast paced and sprinkle some raffles throughout each morning. You can have your coffee made just the way you like from your own kitchen. Nice!
