

FAASTeam presents:

Western Iowa/Eastern Nebraska Quarterly FAAST Seminar and CFI-DPE Forum

Seminar will start with FAASTeam presentations--discussing "Use of Weather Information" and "Flying for Proficiency"--then transitions to a discussion amongst CFIs and local DPEs regarding training and examination topics. All pilots are welcome to attend and participate in both sessions.

This FAASTeam seminar and CFI-DPE Forum meets the local quarterly requirement for FAASTeam events at the Council Bluffs Municipal Airport. It is open to all interested regional pilots, particularly those in western Iowa and eastern Nebraska. Council Bluffs Airport is a full service airport, so fly-in participation is encouraged.

Directions: Event will be held at Council Bluffs Municipal Airport FBO in the upstairs conference room. Directions to the airport are thus: I-80 east, exit 8, then east on U.S. 6, then follow airport signs.
