

What Does The FAA Do At The FSDO? Risk-based Flight Review and WINGS

This event will cover the Inspector's duties at the FSDO. We will discuss what the FSDO's role is for the FAA. This program introduces the concept of basing Flight Reviews on risks that pilots run during normal flight operations and on those risks associated with new aircraft and/or flight environments. The program also emphasizes the benefits of participation in the FAA **WINGS** Pilot Proficiency Program.

Flight Deck Aviation is located in the FBO.
