FAASTeam presents:

EAA Chapter 135 Monthly VMC/IMC Club Meeting

The EAA VMC/IMC Club provides a "hangar flying" experience organized around visual and instrument flight, in order to promote safety, education, and proficiency.

Every meeting consists of a scenario presentation and group discussion about unusual or interesting charts, changed rules and procedures, and member experiences.

The scenario(s) we will discuss at this meeting are: *Electrical failure in night VMC and Engine trouble in IMC.*

Bring your EFB, your experience, and your questions, and be ready to participate.

All are welcome. You do not need to be an EAA member to attend

We will also be discussing how you can earn ***WINGS*** Credit.
