

Date Correction!: Loss of Control: JFK Jr's Final Flight sponsored by MPA St. Louis Chapter

In 1999, John F. Kennedy, Jr. got in the left seat of his new plane with his wife and her sister for a trip to a wedding. They never made it. We'll unravel the causes and factors of this "loss of control" accident while learning of other loss of control factors we can avoid.

Directions: From I-270, take I-44 toward St. Louis and immediately exit right on Watson. Turn right on Lindburgh Blvd. Restaurant is on the left. Original date was in error. Event is June 5.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.
