

Attention All Pilots: The FAA Taxi Test! Can you pass it? Pizza and Soda Meeting!

Pilots put themselves and others in danger every day by missing important airport signage, lighting and markings. We know the markings for the most part, but why do smart pilots still make mistakes? Are you at risk for making the same mistakes? Our quiz for you may tell all. Click here for an informational video about this FAASTeam event.

Directions: Helicopters Inc has a great facility for seminars both upstairs and down. Watch the video to see the Heli Inc. building. Turn into main Spirit of St. Louis Airport entrance and make the first right. This building is immediately on the left. Black glass. FLYING IN? Contact Phil Dixon (314) 890-4818 for information on a local ride to the site or for aircraft parking suggestions. Thanks to Wings of Hope for loaning chairs, etc.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
