

Master Pilot Awards to John Jenkins and Terry Rackers plus Loss of Control: the JFK, Jr. Accident

Video Trailer In 1999, John F. Kennedy, Jr. got in the left seat of his new plane with his wife and her sister for a trip to a wedding. They never made it. We'll unravel the causes and factors of this "loss of control" accident while learning of other loss of control factors we can avoid. This event will feature the awarding of the Wright Brothers Master Pilot Awards to John Jenkins and Terry Rackers prior to the seminar.

Directions: From US-54 and US-63 merge, drive south and take the first right exit ramp toward airport and look for Cedar City road. Take right turn and look for flying service at corner of Airport and Hiberna Roads.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
