

# Loss of Control: JFK, Jr. Accident Analysis & Master Pilot Award Presentation to Don Nevels

**Video Trailer** In 1999, John F. Kennedy, Jr. got in the left seat of his new plane with his wife and her sister for a trip to a wedding. They never made it. We'll unravel the causes and factors of this "loss of control" accident while learning of other loss of control factors we can avoid. This event will feature the awarding of the Wright Brothers Master Pilot Award to Don Nevels prior to the seminar.

**Directions:** From I-44, take exit 72 for MO-266. Turn north onto Farm Road 107. At traffic circle, take second exit for Airport Blvd. Park and enter terminal with your parking ticket for FREE Validation. Meeting is in the Board Room back by TSA checkpoint.

## A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
