

FAASTeam presents:

# 2014 GSLFIA Flight Instructor Revalidation Clinic. - Day 1

The 44th Annual GSLIA Flight Instructor Refresher Clinic is truly “one-of-a-kind” as it is presented by active aviation professionals in a guided-discussion format. Why sit behind a computer all alone trying to complete an on-line or “out of the box” FIRC with no human interaction? The GSLFIA allows you to interact directly with the presenters, ask questions and help guide the discussion to get the most out of the information. The GSLFIA FIRC follows a recently issued Advisory Circular that is focused on timely issues of interest to all professional flight instructors including TSA rules, Pilot Deviations, Recent Regulation and Policy changes, building a safety culture and information and advice for those returning to flight instruction. You can Register for the 2014 GSLFIA FIRC online at <http://gslfia.com/about-gslfia/firc/online-firc-registration/>, or download and mail the registration form with payment.

Flyer and forms are attached to this email as well. If you have any questions, please contact Dave W. Pressy. (314) 566-3118 or [davewpressy@gmail.com](mailto:davewpressy@gmail.com). Day 1 FIRC  
MODULE 1 Transportation Security Administration Back to Basics: Scenario vs. Task-Based Training Safety Trends in GA: How CFI's Can Directly Contribute to Safety How to Teach

## Event Details
