

FAASTeam presents:

Check-ride-itis: Preparation makes Proficiency Fun

Seminar designed to help pilots overcome anxiety associated with check-rides or flight reviews and understand skills & knowledge expected of them.

Whether preparing for that first ever Practical Test check-ride or the next opportunity to demonstrate your right stuff for a flight review, achieving and maintaining flight proficiency is the ultimate desire of every student pilot in training and the responsibility of every licensed pilot no matter how many hours in the air he/she may have accumulated.

This seminar is a guided discussion for pilots at all skill levels to help develop a personal set of self-improvement practices making them immune to the periodic stress induced from cramming for check-ride preparation.

Directions: From I 255, take Exit 15 (Mousette/Downtown Airport), turn West - Proceed to second 4-way stop sign, turn left onto Curtiss Steinberg Dr, take the next right into parking area. Fire Station is right of the main terminal.

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASafety Team) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
