

FAASTeam presents:

Teach Your Students the Easy Way to Fly - LIVE from NAFI Professional Development Center

On July 26, 2017 at 5pm CDT, NAFI leaders will discuss the content of Larry Bothe's presentation and offer comments and insights for CFIs and the aviation industry in general. Viewers who watch this program LIVE are welcome to post comments about the subject mater that will be answered live as time allows - all questions will be answered directly if not specifically discussed on-the-air.

This course answers the question; Why are you working so hard to fly your airplane? It outlines 21 things you can do to make your flying easier, safer, cheaper, and a whole lot more enjoyable. Your instructor should have told you about these techniques, but probably didn't. No purchase necessary; just learn and enjoy.

Recognizing the importance of excellence in education, this course will provide WINGS credits to those who pass an after event quiz on FAASafety.gov. The LIVE program will archived at FAASafetyTeamTV.com and available on FAASafetyTeam.gov for those not able to attend the LIVE broadcast.
