

Single Pilot IFR - A Case Study of a GA Pilots Loss of Control While IMC

Jeff will be sharing his thoughts on a case study of a IFR flight that ended in a Loss of Control accident. Proficiency and decision-making are crucial. Knowing your aircraft's systems BEFORE you get into the weather matters. Education and practice enhances you and your passengers' safety.

Directions: Grab a map and head to Honda Forum #6.

A message from the National FAASafetyTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
