

FAASTeam presents:

NAFI - Teach The Easier Safer Way to Fly

This course answers the question; Why are you working so hard to fly your airplane? It outlines 21 things you can do to make your flying easier, safer, cheaper, and a whole lot more enjoyable. Your instructor should have told you about these techniques, but probably didn't. Viewers who watch this program LIVE are welcome to post comments about the subject mater that will be answered live as time allows - all questions will be answered directly if not specifically discussed on-the-air.
