

FAASTeam presents:

American Bonanza Society - Avoiding Pilot Deviations

You probably think it will never happen to you, but if you experience a deviation you may face FAA action, and far more importantly, you are at risk of colliding with another aircraft. In this program we'll cover:

- Different types of pilot deviations
- The speaker's personal experience with an altitude deviation causing loss of separation
- FAA regulations governing pilot deviations
- Remedies available to the FAA
- The pilot's rights when notified of a possible deviation

· Techniques for avoiding pilot deviations
Viewers will be able to type in their questions to be answered during the event. We'll explain how to do so at the beginning of the webinar.

Directions: To access this American Bonanza Society LIVE Broadcast - [CLICK HERE](#)

REGISTRATION IS NOT REQUIRED to view this broadcast. There is no limit to the number who may attend this live course. Click on the link above at the scheduled time to view the program.

UNABLE TO ATTEND THE LIVE BROADCAST? You may access the ARCHIVED program at any time after the LIVE Broadcast via the link above on virtually any internet connected device.

WINGS credit is earned immediately by completion of a short quiz on FAASafety.gov
