

FAASTeam presents:

FAA Safety Briefing LIVE! - September/October 2020 Issue

The September / October 2020 issue focuses on the integral role of data in the aviation industry. Feature articles and departments explore the many ways data is collected, analyzed, and shared to make better and more informed safety-related decisions.

We'll also look at some of the FAA's collaborative processes and tools that are helping to improve safety and efficiency in the National Airspace System.

NOTE: While many of the ideas covered in the quiz are included in the presentation, you may need to download a free copy of the magazine [HERE](#) to complete this course.
