

FAASTeam presents:

ABS - Safety Tips On Buying And Selling A Beechcraft

For the last couple of years we've seen a big turnover in airplane ownership. Whether you're buying a Beechcraft or considering selling the one you own, it's a hot market that can challenge your safety and investment.

That hot market raises a lot of questions about the aircraft purchasing and sales process. Jason Zilberbrand of VREF, a major aircraft valuation service, will review: Purchasing an aircraft that is legal and safe to fly. The basics of the aircraft purchase and sales process. How to objectively determine the value of an aircraft. Tips to avoid some of the traps in the aircraft sales and purchasing process.

Viewers will be able to type in their questions to be answered during the event. We'll explain how to do so at the beginning of the webinar.
