

FAASTeam presents:

Gateway Tracon Presentation

Come listen to local STL "Gateway" TRACON Controller Pete Seddon as he discusses important items for the upcoming flying season. Topics will include thunderstorms, icing, emergencies, and unusual situations. There will also be time to discuss the usual topics covered previously, depending on time, questions, and interest from the audience.

There is a lot going on at your local TRACON, including a facility consolidation with SPI and PIA. Be sure to come out to learn about all the changes that may affect you as a local St. Louis pilot and keep everyone flying safe.

Directions: FROM I-70 South on HWY 1-141 (Maryland Heights Expressway) to Creve Coeur Airport Road. Right to parking. Enter the Classroom though the FBO. FROM I-270/I364 West to 1-141 (Maryland Heights Expressway). Right (North) to Creve Coeur Road. Left to parking. Enter the classroom though the FBO.
