

ABS - Year End Beech Accident Recap - Ask The Instructor

The causes of most Beechcraft accidents follow patterns, and by reviewing the accident record for 2023 we can work for a safer new year. After the mishap review, we'll open up for viewer questions about flying Beech piston airplanes and other questions about ABS and the ABS Air Safety Foundation. This presentation will cover:

- The leading causes of accidents in Beech Bonanza/Debonair/Baron/Travel Air aircraft in 2023.
- The leading causes of fatal accidents in ABS-type airplanes in the past year.
- What we can learn from accident statistics to be safer pilots.
- Your questions about flying Beech airplanes, ABS and the ABS Air Safety Foundation

Viewers will be able to type in their questions to be answered during the event. We'll explain how to do so at the beginning of the webinar.
