

CAP Aircrew Mission Training - G1000 Equipped Aircraft

7 - 9 pm.

Civil Air Patrol operates a Technically Advanced Aircraft (TAA), the Garmin 1000 equipped Cessna 182T NavIII. Event emphasis will be on the interaction among members of a standard Civil Air Patrol three person crew (Mission Pilot, Mission Observer, and Mission Scanner) dealing with flight deck workload (viz., check list utilization, G1000 employment for situational awareness and mission tasks, and crew resource management).

Directions: Airport Administration Bldg (#9), Room 128, northwest part of New Century Airport

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
