

## IMC Clubs - what do you do when the navae fails?

Years and years ago, we navigated by looking at a paper map and looking outside. But when “outside” became cloud-covered, the smart pilots began using those electronic things. But, funny thing about electronics – they sometimes fail.

Come join the discussion about what to do when your navigation systems fail. (think we have so many backups that it can't happen? Come join us.)

*Chris Hope, CFI-I, IMC Club Facilitator*

*215 FAA National Safety Advisor of the Year*

*2018 FAA Flight Instructor of the Year, Central Region*
