

VMC Clubs - The Weather Sort of Looks Okay

Ever planned a cross-country flight, and then when the big day came, had second thoughts as to whether or not the day was right? Did you see forecasts along your route of flight that were sort of good, but not quite? Come and join us as we recreate a flight like that, see what our pilot saw out the window, and decide whether you might have made the same decisions.

Take I-470 to Exit 9, Douglas Drive / Lee's Summit Road turn north. At the bottom of the hill, turn right and follow the road to the end. The Larry Young hangar is on the west side of the parking lot under the Cessna on a Post.

A message from the National FAASTeam Manager
